LOCAL MATTERS.

Circulation nearly 1900.

BRIEF MENTION.

Frying fish chickens are in demand in this market.

Flour made from new wheat is reported as being very good.

Mr. J. P. E. Sch. returned home from Kenmore High School, in Virginia, on last Tuesday all covered with honors.

Remember the meeting of the Stockholders of the Carolina College Institute Friday morning at nine o'clock.

Mr. W. B. Miller, of the Corner township, sent us on last Friday a stalk of cotton that measured twenty-one inches in height, which he says is an average of a twenty-acre field.

Appointments of the Y. M. C. A. for next Sunday: To conduct the afternoon meeting, T. C. Ligon; Poor House Committee, P. K. McCullay, L. P. Smith; Jail Committee, J. A. Brock, J. A. Daniels.

We have made arrangements to publish the proceedings of the General Session of the sessions of the Town Council and County Commissioners that the public may keep posted as to what these bodies are doing.

Capt. W. S. Sharpe and family will leave Anderson this morning for the Hot Springs in Arkansas, to be gone until September. We wish them a pleasant trip, and hope the Captain may be much improved in health.

The ladies of the Presbyterian Church invite attention to their refreshment of ice cream, cake, sherbet, &c., to be given at the Hampton Park on Friday afternoon at 6 o'clock in the interest of the new church. Friends from the country are invited to call.

We are requested to announce that Mr. J. H. Clarke will leave the Salem Sunday school on next Sabbath morning. Mr. Clarke is one of the vice presidents of the Saluda Sunday School Institute, and will make an address upon subjects connected with its work.

A full meeting of the next Associate Grange is desired at Hunter's Spring on the Saturday before the second Sunday in July next, as a committee have been appointed from Town Creek Grange to memorialize the Associate Grange on the sub. of establishing an experimental farm.

Mr. Thomas A. Sullivan, who has been mail agent on the Anderson Branch and Blue Ridge Railroads for several years past, has received a promotion to the agency on the main line of the Greenville and Columbia Road, to go into effect on the 1st of July. Mr. Wm. Felham has been appointed agent on the Branch line in Mr. S.'s stead.

On last Tuesday morning Deputy Sheriff D. E. Carlisle and two assistants carried Henry Davis, James Kinnman, Allen McCorpin, Oliver Caldwell, Thomas Garrett and Thomas Sizemore, prisoners sentenced by Judge Aldrich at the recent term of Court, to the penitentiary to serve out their several terms of imprisonment.

Mr. John W. B. Skelton cut from about a quarter of an acre eleven dozen bundles of oats from which he threshed seventeen bushels and three pecks. This is a large yield for the ground, but particularly a large yield to the number of bundles. It usually takes from one to two dozen bundles to make a bushel of oats, but in this case eight bundles was sufficient. Who can excel this yield?

The protracted meeting which has been in progress in the Baptist Church since the first Sunday in this month, continues interesting, and it is probable that much good will result from the persons have united with the Church, and the prospects for still larger accessions are good. The ordinance of baptism was administered to the four newly made members by the Pastor in Rocky River on Sunday afternoon last at 5 o'clock.

We are requested to announce that the ladies of the Presbyterian Sewing Society will give a promenade concert and party at Hampton Park, in Anderson, on Friday night, the 27th instant, at which refreshments, consisting of ice cream, lemonade, cake, &c., will be on sale for the benefit of the Church. It is to be hoped that the who can do so will attend, and that the ladies will receive a liberal patronage. We can assure those who go that they will have a most agreeable evening and more than get their money back, even aside from the benevolent object of the entertainment which should commend it to the whole community.

Rev. C. H. Strickland, of Augusta, Ga., who assisted his brother in the meeting now being held in the Baptist Church at this place, made a very favorable impression upon every one who heard him with the most complete confidence. Those who heard him often liked him best. He is a polished and forcible speaker who is always interesting, with an impressive manner which is a valuable aid to sound thoughts and eloquent words. He is, comparatively speaking, a young man. His talents and fidelity to his life work point him out as one of the rising ministers of the Baptist Church, who is destined to occupy a prominent and useful position in his denomination.

Bob Rix, a little negro boy about eight years of age of this place, promises to make a bold thief, if we can judge correctly of his future life by his first adventure. He had been employed in the family of Dr. P. A. Whitte as a house-boy for several weeks, and about two weeks ago was discharged, as he was suspected of stealing the sum of \$15, which had been left within his reach. On Tuesday he was looked up, and after being closely questioned acknowledged to having taken the money, and said that he had given it to his mother. The mother says she knows nothing about the money, and so the matter rests. The boy is now in the hands of the law, and his mother has been tried before Trial Justice Brenzale. The former was convicted and sentenced to one month in jail, and the latter acquitted. The money was not recovered.

During a recent trip into the country towards the Saluda river, a representative of the INTELLIGENCER had the pleasure of going over some very fine farms, and was gratified at the general appearance of the crops. There was scarcely a grassy field to be seen anywhere, which proves that the farmers of this section have been making good use of the recent fine weather. We were especially pleased with the farm of Mr. Peter Acker, who lives near Belton. Mr. Acker is a model farmer, and also a successful bee culturist. He has fifteen or twenty hives, and gets from 50 to 75 pounds of honey from each gum every time he robs them. He has several different patent hives and understands the merits of each of the different kinds, as he has studied the nature and habits of bees until it has become a science with him. There are many other interesting farms in this neighborhood, far from Belton to the Saluda river can be found many of the prosperous and hospitable farmers of Anderson County.

In proceeding to sentence Thomas Sizemore for assault with intent to kill, Judge Aldrich asked the prisoner whether he would prefer confinement in the County Jail or in the Penitentiary, to which he replied that he preferred the Penitentiary, and was accordingly given a term of six months in that institution. When we first heard this selection we thought it very remarkable, and could not account for the grounds of objection to the boarding-house kept by our Sheriff. We, therefore, investigated the reasons as far as we were able, and were informed that Sizemore is a very ignorant old man, who is very fond of fishing. He was told after his conviction by some of the prisoners who were joking him that he would be sent to the Penitentiary, but as he was an old man that he would not be made to work and could employ his time in fishing in the Congaree river, which runs through the Penitentiary yard. These representations, together with his curiosity for a trip on the cars, and a desire to see Columbia, induced him to select punishment in the Penitentiary rather than in the County Jail.

On last Friday or Saturday last two strange young men, whose chief business seemed to consist in selling inferior jewelry, and that, too, of a very inferior quality, made their appearance in Anderson, and were setting out their business, when Sheriff McConnell informed them that he had in his possession warrants of arrest for two young men, and that they suited the description so exactly that he was persuaded they were the parties desired. Of course they assured him they had done nothing for which to be arrested, and were willing to "satisfy" him that he had gotten hold of the wrong men. The warrants had been issued by a Trial Justice of Union County on account of the failure of the parties to pay their board bill while stopping in Union, but owing to some irregularity in them, the Sheriff did not feel justified in taking the parties in custody, and so they soon packed up and made their way to some other quarter. It is a very great pity that such scamps are allowed to impose upon the public in such a way, and we regret exceedingly that they could not be paid the severest penalty that could be imposed for their rascality. The escape of these men is the result of having inefficient Trial Justices.

Circuit Court.
The Court of General Sessions continued last week, and the only remaining case tried after our report was the State vs. George Caldwell, indicted for assault and battery with intent to kill. The State was represented by Solicitor Cuthran and the defendant by Messrs. Murray & Murray. Verdict, guilty of assault and battery, but recommended to the mercy of the Court.

The parties convicted were called up for sentence, and after a plain though feeling lecture from Judge Aldrich, the following sentences were pronounced: George Caldwell, fine of \$1 and the costs of the case; Perry Keys, fine of \$1 and the costs of the case; Joe Arnold, thirty days in jail; Thos. Sizemore, six months in the penitentiary; Thomas Garrett, one year in the penitentiary; Oliver Caldwell, eighteen months in the penitentiary; Anthony McCorpin, two years in the penitentiary; James Kinnman, two years in the penitentiary; and Henry Davis the term of his natural life in the penitentiary. The general opinion is that Judge Aldrich has been very reasonable and considerate in the sentences imposed.

The civil business was then entered into and rapidly disposed of, every case ready for trial being decided by the Judge before he left Anderson on Saturday evening.

Our people were pleased with Judge Aldrich, and he carries with him the respect and well wishes of all in consequence of his diligent and impartial work upon the Bench in our midst.

Proceedings of the Town Council.
COUNCIL CHAMBER, June 17, 1879.
The Town Council met this afternoon at 3 o'clock. Present—G. F. Tolly, Intendant; E. F. Murrin, J. F. Wilson, W. S. Ligon, Wardens. The minutes of the last meeting were read and adopted.

Marshall Jones and Clarinda Jones reported for loud swearing and disturbing the peace. Clarinda Jones was fined and discharged. Marshall Jones guilty, a fine of \$5 or 12 days' work on the streets imposed.

Berry Williams and Hannah Williams reported for loud swearing and disturbing the peace. Not guilty and discharged.

Quincy Lovett and Jane McDowell reported for disturbing peace and fighting. Guilty, and each fined \$5 or 12 days' work on the streets.

Wm. Henry Johnson and Robert Love reported for indecent language on the street. Guilty, and each fined \$1.75 or 31 days' work on the street.

On motion, the case of the State vs. Reuben Young, John Fleming, Julius Green, Frank Bewley and Henry Dirch for gambling, which was referred by the Solicitor to the Town Council for trial, and which was postponed at last meeting for further consideration at this meeting, was dismissed on condition that Mr. Joseph R. Fant would take out new warrants before a Trial Justice.

After approving accounts, amounting in the aggregate to \$141.70, the Council adjourned.

Presentment of the Grand Jury.
To the Hon. A. P. Aldrich, Presiding Judge of Eighth Judicial Circuit, June Term, 1879.

We, the Grand Jury, beg leave to submit the following as our presentment:
We have visited the various County offices, and find them, without exception, well and neatly kept according to the law as we understand it. As respects the Poor House, through a committee of this body, we report that they visited most of the inmates and find them well provided for. There are about forty inmates, mostly invalids, twenty-six white, balance colored. The Steward, Robert Stephenson, were pleased to say, is faithful in the discharge of his official duty. The crop, mostly in grain, is in good condition, plenty of vegetables to supply the wants of the inmates. The wheat crop is estimated at one hundred and thirty bushels, and sorghum at three hundred and thirty bushels. We think it is the duty of the County that the County Commissioners be requested to look into this suggestion, and if in their judgment they think it advisable, they purchase a second-hand or new mill and evaporator to reduce the cane into sorghum. We are glad to report that, although the supplies necessary to support the inmates cannot be paid for in cash, yet arrangements have been made whereby they can be bought at cash prices at the legal rate of interest paid for for.

We congratulate the County Commissioners on the present condition of the public roads, and urgently request them to pay particular attention in the future that they be kept in the same acceptable condition. We recommend that the proper authorities, at the earliest proper convenience, furnish the respective County offices with chairs. We have been informed that an order for the same has been made, and yet has not been filled, and if the said order be insufficient, we recommend that a further order be made, subject to the discretion of the County Commissioners.

We appreciate the suggestion of the

Court in regard to the Court House steps, and with all proper regard for him personally and officially, in view of the financial condition of the County, and without having time to examine closely into the matter, we have no report to make at this time. The suggestion of the Court will elicit our attention at the October term, and it may be that the recommendation of the Court may be adopted.

In conclusion, we take pleasure in tendering our thanks to the presiding Judge for his uniform kindness and courtesy, and to the Solicitor for valuable services rendered us during our services at this term of Court. Respectfully submitted,
W. G. WATSON, Foreman.

Townville.
The cotton crop in this locality is generally well cleared of grass, and the growth is very fine. N. O. Farmer, Esq., is preparing to build a handsome residence on the site of his present abode. We hear of no aggravated cases of sickness, yet the general health is not good—colds, biliousness and general debility being the rule. Experienced farmers pronounce the present wheat crop to be the best produced in this section for many years. A white girl, 12 or 15 years of age, living near Major G. W. Maret's, was killed by a mule a week or so ago, and has since lain in a critical condition. An unusually large congregation of people was present at the dedication, by Rev. Dr. B. Jones, of the new Methodist Church near Fair Play on last Sunday. Townville buys eggs at 7½ cents a dozen, butter at 10 cents a pound, and spring chickens at 10½ to 20 cents a pair, and the supply equals the demand. In the matter of general merchandise, trade is dull. Cash transactions are short, while the aggregate of time sales is thought to be somewhat in excess of the same period last year. The sermons of the Rev. Dr. Smoot, of the Wallalla Female College, who preaches regularly to the Lutheran congregation in the Fork, excite much favorable comment among all denominations. Save the one at Wallalla, this is, perhaps, the only Lutheran Church above Newberry.

Another lot of sewing machines just received by C. A. Leal, Agent, with new attachments and improvements. He is prepared to offer great inducements on his popular machines.
Do you want to enjoy life?—Death, or what is worse, is the inevitable result of continued suspension of the muscular fibers. It is a condition which should not be trifled with. Immediate relief is the only safeguard against constitutional ruin. In all cases of suppression, suspension or other irregularity of the system, Dr. J. B. Brantfield's Female Regulator is the only sure remedy. It acts by giving tone to the nervous centres, improving the blood, and determining directly to the organs of menstruation. It is a legitimate prescription, and the most intelligent doctors use it. Ask your druggist for it.

TUTT'S PILLS!
INTRODUCED, 1866.
A TORPID LIVER
Is the fruitful source of many diseases, prominent among which are
DYSPEPSIA, SICK-HEADACHE, COSTIVENESS, DYSENTERY, BILIOUS FEVER, AGUE AND FEVER, JAUNDICE, PILES, RHEUMATISM, KIDNEY COMPLAINT, COLIC, ETC.

TUTT'S PILLS
are especially adapted to such cases, a single dose effects such a change of feeling as to astonish the sufferer.

TUTT'S PILLS
are compounded from substances that are free from any properties that can injure the most delicate organization. They cleanse the blood, purify the system, and invigorate the torpid liver; they cleanse the blood from biliousness, humors, and thus impart health and vitality to the body, causing the bowels to act naturally, without which no one can feel well.

TUTT'S PILLS.
Their first effect is to increase the Appetite, they first affect the Liver, thus the Liver is invigorated, and by their Tonic Action on the Digestive Organs, Regularity is produced.

A Noted Divine says:
Dr. TUTT—Dear Sir: For ten years I have been a sufferer from Biliousness, Constipation, and Indigestion. I have tried many remedies, but have not found relief until I used your Pills. I feel now as if I were a new man. I am able to do my work, and I am in good health. I am, Sir, your obedient servant, J. H. HAYWOOD, JR.
